

Learning To Live For The Lord
Words and Music By: Ed Newman

Learning to live in the world around us
Learning to live for the Lord
Striving to find, what God has in mind
With Jesus' help the victory's assured

Chorus

So we're learning, studying, practicing
In fact, we're even memorizing, and
Praying, loving, and learning to live for the Lord

John 3:16 says "for God so loved us"
And that's why we want to mature
He bought us with a price, His own blood sacrificed
And that's why I made Him my Lord.

Chorus

If ever our homework or trials upset us,
If ever we find ourselves bored
We'll just sing this song, praise Christ all day long
And ask Him our faith to restore!

Chorus

Outro
We're learning to live for the Lord
Yes, learning to live for the Lord
