

All that I am Lord and all I possess
All that I have comes from You
Without You I'm nothing, but with you I'm blessed
Cause every good thing comes from You

Chorus
Jesus my Savior,
Jesus the King
Take me and use me
You are the song I sing

How can I thank you for all that You've done
All that You've given to me
Life so abundant Your grace over runs
A soul that's forever set free.

Chorus
Jesus my Savior,
Jesus the King
Take me and use me
You are the song I sing

At Times I forget Lord and focus on me
Completely absorbed in myself
Lost in the present forgetting to see
That You are the source of all wealth

Bridge
Forgive me Lord, Forgive me Lord
For the times when I drifted away
Neglected your Word and forgotten to pray

Fill me with love, gracious, forgiving God
Keeping Your servant from sins
Give me a heart that brings glory to God
Shining Your light from within.

Chorus
Jesus my Savior,
Jesus the King
Take me and use me
You are the song I sing

Take me and use me
You are the song I sing
