

Lord Lift Us Up

Words and Music By: Ed Newman

Sometimes in life things happen, We just don't understand
Sometimes in life, there's things we can't control
Sometimes the hurt is heavy, Sometimes the pain goes deep
Sometimes it seems to reach the very soul.

Chorus

Lord lift us up
Heal our hurt with your power
Lord lift us up
For you are in control

When I look up and see the stars, I just can't comprehend he's gone.
And the beauty of His desert soothed my soul
My Cathedral Mountain memories they will linger all my life
For my brothers love meant more to me than gold.

Chorus

I know that when things happen, that we just can't understand
I know that when there's things we can't control
There is no hurt too heavy, there is no pain too deep
That our God can't cure just sing to Him with all your soul!

Chorus 2x
