

Naphtali Knoll

Words and Music By: Ed Newman

Lately I've been thinking,
About things God's done in my life
He's taken me through some hard times
And He's given to me a good wife and family
And six long years I've waited,
For a dream to come true
To move up to these mountains,
And own some land in the woods

Chorus

And now Naphtali Knoll, I've finally received
At home with my family
Living for Jesus, trying to do God's will
Up on the hill praising the Lord, I'm just praising the Lord

Maybe you've been thinking, you've been dreaming dreams of your own
Impatiently you cry out to God and you think you're all alone
Just remember the God who loves you knows exactly what you need,
To make you a completed person so live righteously and believe.

C1

Then your Naphtali Knoll you'll finally receive
For Christ wants you to have just what you need.
Keep living for Jesus trying to do God's will
Then together we'll be praising the Lord, well be praising the Lord
