

I Want To Make My Life Count
Words and Music By: Ed Newman

I want to make my life count for You Lord
I want to make my life count for You
I want to make my life count, and spread Your love all around
I want to make my life count for You

Let me be known for my love for You Lord
Let me be known for my love for You
Let me be known for my love praising Christ up above
Let me be known for my love for You

Chorus

I want to shine Your light all around me
So that others can know the truth
When they look they'll see Christ in me
They will give their lives to You, be Born Anew

I want to Live in Your will for You Lord
I want to Live in Your will for You
I want to Live in Your will as your purpose I fill
I want to Live in Your will for You

Chorus

I want to shine Your light all around me
So that others can know the truth
When they look they'll see Christ in me
They will give their lives to You, be Born Anew

I want to give thanks each day to You Lord
I want to give thanks each day to You
I want to give thanks each day and give you all of my praise
I want to give thanks each day to You

Chorus

I want to shine Your light all around me
So that others can know the truth
When they look they'll see Christ in me
They will give their lives to You, be Born Anew

Bridge

Take control Lord, Fill my soul Lord
Give me strength each day
Yield to you Lord, Rest in You Lord
Rely on You all the way, in Your will I'll stay

I want to make my life count for You Lord
I want to make my life count for You
I want to make my life count, and spread Your love all around
I want to make my life count for You
I want to make my life count for You
