

Living in this World

Words and Music By: Ed Newman

Living in this world of changing, morals are rearranging
People can't be trusted; it's hard to get adjusted

Chorus

There's only one man that you can take your trouble to
Unload them on Jesus; exchange your troubles for love
Discover the real peace that only comes from above.

Living in this world of sorrow living like there's no tomorrow,
Hatred is all around, constantly being put down

Chorus

There's only one man that you can take your trouble to
Unload them on Jesus; exchange your troubles for love
Discover the real peace that only comes from above.

Bridge

Everywhere you go everyone you know
Has got some problems that have them down
But you can be happy, yes you can be happy
There's only one way that can be found
Live for Jesus Give your life to God
Get into the Bible, get it together with love.
