

My Heart

Words and Music By: Ed Newman

My heart was empty, blemished and broken
Unworthy in need of repair
Then Christ's love came and cleansed me , strengthened and filled me
And He lifted me up from despair

Now my life has new meaning, direction and purpose
With assurance that my futures secure
I've got you Word here to guide me, Your Spirit inside me
I will not be lonely anymore

Chorus

You put hope in a heart that was hurting,
You've brought Joy to a soul that was lost Jesus
You gave a song to the lips that were silent
A will to do what's right whatever the cost

Verse3

My hearts overflowing with goodness and gladness
Just knowing God cares for me so
My life is Yours now conform it you yourself
Keep me in Your will as I go

Bridge

So I present my Life to you A living Sacrifice
Holy pleasing to the One who paid my price
I won't conform to a world opposed to You
I'll be transformed with a mind that's been renewed in You

Verse3

My hearts overflowing with goodness and gladness
Just knowing God cares for me so
My life is Yours now conform it you yourself
Keep me in Your will as I go

Chorus

You put hope in a heart that was hurting,
You've brought Joy to a soul that was lost Jesus
You gave a song to the lips that were silent
A will to do what's right whatever the cost
