

Lord Unite Us We Pray
Words and Music By: Ed Newman

Lord unite us we pray, As we seek Your face today
Our stubborn wills we yield, Please let our hearts be healed
And let Your love reveal the way

Take the beam from my eye, Help me to dwell on what's good and what's right
Just let me trust in You, And always seek the truth
And let my life be used for Christ

Chorus

I thank you for this congregation, My family in Christ my friends
If there's someone I've offended, Help me go to them and make amends

Lord unite us we pray, As we seek Your face today
Our stubborn will we yield, Please let our hearts be healed
And let Your love reveal the way

Chorus1

I thank you for this congregation, My family in Christ my friends
If there's someone I've offended, Help me go to them and make amends

Just let me trust in You, And always seek the truth
And let my life be used for Christ

Our stubborn wills we yield, Please let our hearts be healed
And let Your love reveal the way
