

I Want to be Faithful

Words and Music By: Ed Newman

Verse

I want to be faithful, faithful and true. Living a life that's obedient to You
Trusting in Jesus in all that I do. Knowing You'll help me, help me get through

Chorus

I need to love others more than myself
I need to pray daily for someone else
I need to spend time reading Your Word
And put into practice all that I've heard

When I look around at my neighbors and friends, I've got to be caring and understand
Some may be hurting, some may be lost, they need to hear what Christ did on the cross.

Chorus

They need to know Jesus, Who came down from heaven
He lived and died, and rose up again
Whoever believes and repents from their sin
Their hearts will be healed their sins all forgiven.

Bridge

When I get to the end and my life here is through
I hope that You'll say I've been faithful and True
When I stand before You Lord, and my life is reviewed
I want to hear You say, I've been faithful, faithful to You

I want to be faithful, faithful and true. Living a life obedient to You
Trusting in Jesus in all that I do. Knowing You'll help me, help me get through

Verse

I want to be faithful, faithful and true. Living a life that's obedient to You
Trusting in Jesus in all that I do. Knowing You'll help me, help me get through
Help me be faithful to You
In all that I do
